

6516206331.txt

I have become an avid XM radio listener. I enjoy XM radio because I can choose to listen to my preferred choice of music without having to listen to one commercial after another.

Why should the NAB, using its lobbying influences and political contricbutions, restrict me from exercising my right to listening to whatever I choose by introducing HR 04-160!

I urge you to REJECT HR 04-160!

Thank You!
